Image Documents	Companies House image documents. Downloadable as pdf.	49,999

AGREEMENT BENEFITS

The participating consortia provide member access to the CreditSafe Contract as a value-add service. Many institutions have used CreditSafe in the past under their own contracts, typically at a cost of £3,000 or more per year. Whilst this is exceptional value when compared to other well-known credit reference agencies, the provision of a single contract for all institutions to use can potentially save the HE sector hundreds of thousands of pounds.

USING THE FRAMEWORK

Please see guidance documentation in HE Contracts on how to access the contract and the processes for this
