Suppliers were asked to submit price lists (for information only) of their products/services offering that fall within the scope of this DPS. Please refer to Appendix F – ‘Contractor’s Contract Mobilisation Price Lists’.

Please note that these price lists are only indicative, and suppliers are not bound to maintain these prices when bidding for a mini-competition.

SCOPE

The Dynamic Purchasing System is not restricted to the supply of specific types of 3D printing or 3D scanning products and services. However, types of 3D printers, 3D scanners, associated equipment and services that are to be procured through the Dynamic Purchasing System include, but are not limited to:

- Stereolithography printers, accessories, materials, software and support/servicing
- Fused Deposition Modelling printers, accessories, materials, software and support/servicing
- Selective Laser Sintering printers, accessories, materials, software and support/servicing
- PolyJet printers, accessories, materials, software and support/servicing
- Digital Light Processing printers, accessories, materials, software and support/servicing
- Multi Jet Fusion printers, accessories, materials, software and support/ servicing
- Direct Metal Laser Sintering printers, accessories, materials, software and support/servicing
- Electron Beam Melting printers, accessories, materials, software, and support/servicing
- 3D Scanners including optical scanners, structured light scanners, laser scanners and LIDAR, as well as accessories, software and support/servicing

AGREEMENT BENEFITS

This DPS offers the following benefits:

- A pre-completed and compliant route to market providing a vehicle to centralise procurement spend;
- Mitigation of Procurement risk surrounding EU Procurement;
- Reduction in administrative costs and efforts;
- Provides flexibility to Institutions to determine specific requirements of Call-off Contracts in line with the DPS specification;
- Effective reporting mechanism to obtain accurate, timely and relevant management information;
- Corporate Social Responsibility – adherence to minimum standards;
- Pre-defined and agreed Terms and Conditions;
- Shared risk and management of Contractors.
