The purpose of this Framework Agreement is to deliver a more efficient route to market for the Institutions and Contractors. By minimising the resource required to complete purchases for lasers and allowing the focus of laboratory staff to be on core work in support of departmental objectives.

SCOPE

The Supply and commissioning of a variety of lasers and other associated equipment such as optical spectrometers, PIV lasers, laser micromachining, laser safety products, optomechanical equipment, flow cytometry lasers, laser spare parts and maintenance services

AGREEMENT BENEFITS

USING THE FRAMEWORK

SUPPLIERS

Lot	Suppliers
Lot 1 Lasers and Coherent Sources	Amplitude, Coherent Europe B.V, E & EO, Edmund Optics, Photonic Solutions Ltd., Pro-Lite,
Lot 2 Optical Spectrometers and Cameras	Edmund Optics, Photonic Solutions Ltd.,
Lot 3 - Particle Image Velocimetry (PIV) Lasers and LED Systems	Photonic Solutions Ltd., Pro-Lite,
Lot 4 - Laser Micromachining	Coherent Europe B.V, Photonic Solutions Ltd.,
Lot 5 - Laser Safety Products and Protective Equipment	Edmund Optics, Photonic Solutions Ltd., Pro-Lite,
Lot 6 - Optomechanical Equipment and Accessories	Edmund Optics, Photonic Solutions Ltd., Pro-Lite,
Lot 7 - Flow Cytometry	Coherent Europe B.V, Photonic Solutions Ltd., Pro-Lite,
Lot 8 - Laser Spare Parts and Associated Equipment	Coherent Europe B.V, E & EO, Photonic Solutions Ltd., Pro-Lite,
Lot 9 - Maintenance, Service and Upgrade of Lasers and Associated Systems	Coherent Europe B.V, Photonic Solutions Ltd., Pro-Lite,
