USING THE FRAMEWORK

Additional Advice:

Ensure there are sufficient resources available to reduce the tender period – i.e. draft a timetable and ensure the milestone dates are adhered to.

Lot 1 Promotional Products – Obtain usage information and adjust the weightings appropriate to each product a category.

Lot 2 Vouchers and Gift cards only attracted 2 submissions in order to expand the number of potential suppliers, improve the product specification, and improve the market research to establish the potential supplier base.

Lot 3 Promotional Clothing – Expand the number of clothing items that are sampled in-line with usage information. Change the scoring for the samples to give a more fair scoring method.
