SCOPE

The agreement is effective for the period stated on the title page of this Buyer's Guide. All of the suppliers have not been ranked and have been awarded equal status. Supplier responses to the invitation to tender and any subsequent matters of clarification have been agreed and signed as such by both NEUPC and suppliers.

AGREEMENT BENEFITS

USING THE FRAMEWORK

Suppliers have not been ranked and all suppliers have been awarded equal status. Users of The Agreement will need to undertake further competition to appoint a supplier. As The Agreement has been tendered in accordance with EU directives, users of The Agreement do not need to perform a full tender procedure for call off requirements. The evaluation process and scoring used in the award of The Agreement is available in the tender report and used to compare the suppliers' services prior to any further competition within the framework agreement. Further competition/s should focus on negotiable areas such as cost, delivery etc. The NEUPC website, and GeM, offer members the facility to e-mail all suppliers within The Agreement, therefore facilitating an easy route to obtain quotes and information which will enable you to determine which supplier best suits your requirements.
