All batteries are now called Upergy limited - the Buyers guide has been altered to reflect this

The final year extension won't be taken for electronic components and work has started on the renewal.

SCOPE

This framework has been split into 4 lots:

- Lot 1: Electronic Components, Associated Products & Service Aids
- Lot 2: Tools & Fixings
- Lot 3: Test & Measurement Equipment
- Lot 4: Batteries

AGREEMENT BENEFITS

1. Delivering an overall saving on a range of products
2. More advantageous pricing based on economies of scale from aggregated spend.
3. Savings can be base lined by comparing prices with the prices you previously paid.
4. A single exercise to establish the overarching agreement and establish the Terms and Conditions of the Framework.
5. Reduced administrative effort and associated cost savings.
6. The development of a longer term relationship with suppliers which is mutually beneficial.
7. You have the ability to call off from the agreement as and when required rather than needing to undertake a full tender process.
8. The Framework allows for the flexibility to determine specific requirements at the call off stage.
9. Framework Agreements support longer term business planning as they span a period of typically four years and allow some stability from market fluctuations.
