Please note a copy of all the scores and weightings for each Lot is available on request on the understanding that the information is kept for your own use and not shared; the information is viewed by Jisc as commercial in confidence.

The agreement is a direct replacement for the 2015-2019 Jisc Routing and Switching framework.

Users should in the first instance read the Buyer's Guide thoroughly to understand the framework in more detail. Users can either direct award or run a mini-competition within each of the Lots. Please note, no award was made for Lot 2 (Ciena).

SCOPE

The framework is a multi-lotted agreement based on a Lot structure that uses the principal Network Equipment OEMs used within Higher Education.
